Laity and the Law

By Gregory Okereke

Paperback. Book Condition: New. Not Signed; The Second Vatican Council ushered in a tremendous enhancement of the ecclesiological and Legal status of the Laity in the Church. The Codex Iuris Canonici of 1983, which has been described as an effort to translate the conciliar ecclesiological teaching into canonical terms, in addition to affirming their fundamental and radical equality of dignity and action (cann 208), contains Legislations on the rights and obligations common to all the faithful (cann 208-223), as well as those specifically characteristic of the Laity (cann 224-231). Any general ecclesiastical Legislation, no matter how wonderfully worded, remains a dead formulation, unless it is applied in the historically, culturally, economically and sociologically conditioned concrete situation of a local Church; hence the effort in this study to investigate the application and/or applicability of the pertinent general norms on the laity in the Nigerian particular Church, where the challenges of the new era of evangelization of the country all the more accentuates the necessity of a legally stable and responsible involvement of the Laity in ecclesial affairs. book.

Reviews

A very great ebook with perfect and lucid answers. It can be packed with wisdom and knowledge I found out this book from my dad and i encouraged this publication to learn.

-- ***Elena McLaughlin***

An incredibly great ebook with lucid and perfect explanations. It is actually rally fascinating throgh studying period of time. It is extremely difficult to leave it before concluding, once you begin to read the book.
