PHANTOM OF THE PRAIRIE: YEAR OF THE BLACK-FOOTED FERRET

DOWNLOAD

Sierra Club Books for Children, U.S.A., 1998. Hardcover. Book Condition: New. Dust Jacket Condition: As New. 1st Edition. 8vo - over 7¾ - 9¾" tall. 10 x 8 inches. Synopsis: From a review by Booklist: "London recounts the adventures of a litter of black-footed ferrets (in particular, the liveliest, Phantom) through the seasons of a year as they grow and mature. Born in an abandoned prairie-dog home on the high prairie, they explore, learn to hunt, and are stalked by a coyote. Finally, Phantom sets off alone to find her own dog town where she mates and bears a litter in the spring. Although the story is fictionalized, London's vivid text and Bash's vibrant artwork convey much information about the life cycle and habits of this rarest of North American mammals." From the Inside Flap: It is spring on the high prairie, deep within an abandoned prairie dog burrow, four black-footed ferret kits are bornl. As the weeks pass, they grow furry and frisky, and by summer, they are wiggling with curiosity and excitement. One night, the kits make their way out of the burrow for the first time, led by Phantom, the liveliest of the litter. They dart here and there, stalking insects in the tall grasses. But the young ferrets aren't the only ones who stalk. Hidden behind some sagebrush, a coyoted silently waits and watches. .
