Mao and the Chinese Revolution

By Yves Chevrier

Arris Books. Paperback. Book Condition: new. BRAND NEW, Mao and the Chinese Revolution, Yves Chevrier, It has been more than a century since the birth of Mao Zedong. From the collapse of the old Chinese Empire in 1912 to the foundation of the People's Republic in 1949, his history is linked with that of contemporary China and with the history of world communism as well. His version of guerilla warfare and revolution resulted in the construction of a socialist society that became a model of socialism throughout the world. Both a tyrant and rebel, Mao wanted to rule through revolution. Yet the Big Leap Forward (1958) and the Cultural Revolution (1966) plunged China into chaos without saving it from totalitarianism. After 1978, de-Maoisation and economic reforms by Deng Xiaoping helped heal the country's wounds, but the future remains uncertain. Whether China should be an empire united or broken, serenely "open" or in conflict, democratic or authoritarian, egalitarian or prosperous - so many lingering questions remain of those that Mao and his generation began asking nearly a century ago. Was the Maoist Revolution futile? Would China have been better off without Mao-and is such a thing imaginable?.

Reviews

The ideal publication i possibly go through. It is amongst the most awesome publication we have study. I am just easily will get a satisfaction of studying a published publication.

-- ***Shanie Cartwright***

Completely essential read through publication. It normally does not expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.
