Lulu.com, United Kingdom, 2015. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.THE EARTH DID NOT BEGIN is the precedent novel to an action series of adventures that will no doubt follow Theodore Rennug, Knarf and the twin girls from planet to planet across endless galaxies. You re about to head off into space in a way unlike any you have ever experienced before. Honing the nuclear power of the sun into a corridor ray that lasers on as far as the human mind can imagine, you are about to be propelled into the depths of space at a frictionless speed, that will take you to the doorstep of any world in any galaxy. There is no distance that is too far! The gravitational pull of distant mega planets pulls in their crafts through the Cosmic Corridor Tunnel tractor-beaming mankind in to worlds never before contemplated -- until humans suddenly get to learn of their mysterious origins and discover that long before there was a beginning to time it seems that the Earth did in fact NEVER BEGIN. This is a fast paced first adventure in a scientifically-accurate space-time continuum.
