Stichting Kunstboek BVBA, Belgium, 2011. Paperback. Book Condition: New. Bilingual. 224 x 168 mm. Language: English . Brand New Book. In 1986, Pierre Mazairac and Karel Boonzaaijer design Vision , starting from the philosophy of creating a cabinet as an element of architectural composition. Due to its incredible flexibility, versatility and very modest design, Vision has been very successful for the Dutch manufacturer Pastoe. Twenty-five years later, its compositional scope is still limitless; from a three-dimensional relief design to a graphical lattice of lines and surfaces, from a series of sideboards to an architectural landscape of volumes. The book Vision: Space for Imagination tells the story of this young classic.
